

West End Destiny Academy

A little about your school...

West End Destiny Academy was founded by Valentine Adisa in 2010. With her passion for working with children, Valentine was inspired to set up the school to help the less fortunate in the community.

Today, the school provides a free education and daily meal to around 120 children between the ages of two and 10.

Location

West End Destiny is based in Nakuru, Kenya's fourth largest city. Without community-run projects such as West End, it is unlikely that some local children would receive an education at all, due to the costs of items such as uniforms, desks and textbooks that come with attending a government-run school. West End Destiny and others are working to bridge this educational gap.

West End Destiny Academy's Aims

- ✓ Upgrade two classrooms into permanent structures
- ✓ Tile new classrooms
- ✓ Construct a library
- ✓ Desks and chairs for classrooms

How You Can Help

Lots of volunteers ask if there's anything they can bring to give to our partner schools.

Please don't feel like you have to, but if you're thinking of doing the same, we know that West End Destiny Academy is in need of the following:

- ✓ Sports equipment: Balls, cones, jerseys, etc.
- ✓ Clothes: Shirts, dresses, skirts, shorts, tops, trousers, shoes
- ✓ Stationery: Books, red and blue pens, pencils, chalk, Sellotape etc.
- ✓ Computers and laptops
- ✓ Art supplies: Modelling clay, water colours, colouring books etc.
- ✓ Story and fiction books
